- **DDS General Family Support / Core Services**
Service planning and coordination, flexible funding stipends or payments for goods and services, paid respite, information and referral to community resources, projects to build family leadership and community involvement. Subject to available funding.
- **DDS Enhanced Family Supports**
Intensive Flexible Family Support and Medically Fragile Family Partnership Programs *provide direct assistance in critical situations where children have intensive and complex needs and families are suffering from severe stress.*
Family Support Centers *across the state provide a local presence and act as a hub for offering a wide range of general family support services and activities to families of children and adults who are eligible for DDS services across the state. There is at least one Family Support Center in each DDS area, with some areas having more than one. These centers are expected to do broad outreach and provide services to families from diverse cultural, ethnic, and linguistic communities in the geographic area they are serving, which may involve creating partnerships with community organizations and other resources in order to provide culturally responsive services.*
