

Resources

The EIPLP provides resources through a variety of means to families and staff in EI (website, newsletter, trainings, conferences, and social media). Through meaningful family engagement, families are encouraged and empowered to confidently navigate their journey.

EARLY INTERVENTION PARENT LEADERSHIP PROJECT (EIPLP)

Family Engagement
in EI and Beyond!

eiplp.org

Mission

To support an ever-growing group of family leaders who partner in system enhancement across EI and beyond.

Vision

The EIPLP works to reach and offer opportunities to ALL families whose children are or have received Early Intervention services through family engagement, information sharing, leadership development, and fostering connections.

Family Engagement & Collaboration

The EIPLP welcomes ALL families to share their voice, partner, collaborate and build relationships with each other, their EI providers and the larger EI community.

This is achieved through family engagement; sharing information and fostering connections throughout the Massachusetts Early Intervention System and beyond.

The EIPLP collaborates with local EI programs to develop and grow family leaders and networks.

The EIPLP supports families in enhancing their leadership skills and understanding systems of care. This could be by making informed decisions about their own children, or by impacting the larger EI community.

Opportunities

The EIPLP provides information about opportunities and supports families to be involved in various ways (i.e. one time, ongoing, at the local or state level) in the EI and early childhood systems.

Opportunities may include:

Being a Parent Contact

Parent Advisory Council (PAC)

Interagency Coordinating Council (ICC)

Parent Representative

ICC Task Groups Membership

Advisory Roles

Trainers

Sharing Your Family Story
